

# Handwriting Fonts from Educational Fontware, Inc

www.educationalfontware.com 1-800-806-2155

We created the Mont font family to help Montessori teachers teach handwriting. It melds samples of Maria Montessori's actual handwriting, samples of the recently-deceased Mrs. Justus of the Spring Valley Montessori Academy, and suggestions from Montessori Trainer Mary Lowry, whose contributions were extensive and much-appreciated.

Mont Manu No Rules are installed whenever you select one or more of the Manu groups with Rules. Similarly, the Mont PreC No Rules are installed whenever you select one or more of the PreC groups with Rules. Montessori Sandpaper Letters is its own group.
